EDUCATION

B.Tech – Computer Science & Engineering

Sage University Indore

08/2023 - 05/2027 Indore, India

ISC (Class XII)

Fatima Convent Higher Secondary School

01/2021 - 05/2023 Nagda, India

SUMMARY

I am a results-driven Java Full Stack Developer with hands-on experience in Java, Spring Boot, REST APIs, and Microservices. I have a strong foundation in building and deploying scalable applications using Docker, Kubernetes, and AKS. As a published inventor and a B.Tech student in Computer Science, I possess the skills necessary to create innovative solutions and have been recognized for my academic achievements.

EXPERIENCE

Java Full Stack Developer Intern

AICTE – EduSkills

01/2026 - 03/2026 Virtual

AICTE-certified, offers skill training

- Built and deployed full-stack web applications using Core Java, Spring Boot, Hibernate, and MySQL as part of a 10-week Java Full Stack program

Full Stack Developer Intern

InnoByte Services

12/2025 - 01/2026 New Delhi, India

Technology services company focused on software development

- Built and deployed full-stack web applications using Java, Spring Boot, and REST APIs with seamless frontend-backend integration
- Worked in an Agile development team to plan, build, and deliver scalable full-stack software solutions on schedule using Java and Spring Boot

UI/UX Designer Intern

Codec Technology

03/2025 - 04/2025 Indore, India

Technology company specializing in web development solutions

- Designed responsive UI components and interactive wireframes using Figma, HTML5, CSS3, and JavaScript; ensured cross-browser compatibility across all interfaces

KEY ACHIEVEMENTS

Patent Holder

Successfully filed a patent for an Interactive Vocal Exploration Hardware Tool, showcasing innovation and technical prowess

Academic Excellence Award

Received the Excellence Award at Sage University Indore in recognition of outstanding academic performance

SKILLS

Java SQL Python HTML CSS
JavaScript Azure GitHub SpringBoot
Docker Kubernetes OOP Figma
OOAD UML

CERTIFICATIONS

Microsoft Certified: Azure Fundamentals

Azure Fundamentals (AZ-900)

OCI Certified Generative AI Professional

OCI 2025 Generative AI Professional – Oracle

AWS Academy Graduate

AWS Academy Graduate: Cloud Architecting – AWS

Red Hat System Administration II

Red Hat System Administration II (RH134)

Java (Basic) Certification

Java (Basic) – HackerRank

PROJECTS

Omni Mark 10 – Scalable Cloud Deployment

01/2025 Personal Project

A scalable cloud deployment project demonstrating proficiency in modern cloud technologies

- Developed and deployed a production-ready Spring Boot application live on a real domain, orchestrated on AKS for high availability and fault tolerance
- Automated SSL/TLS provisioning using cert-manager (Let's Encrypt) and Nginx Ingress, enabling fully secure HTTPS traffic on a custom domain
- Diagnosed and resolved critical orchestration bottlenecks including 503 Service errors and node-level CPU exhaustion

GeetaSaar – Interactive Bhagavad Gita Exploration Platform

01/2024 Personal Project

A web platform designed for interactive exploration of the Bhagavad Gita

- Built and launched a live web platform featuring an advanced fuzzy search algorithm and seamless navigation across verses, translations, and scholarly commentaries.
- Increased API integration efficiency in the **GeetaSaar** project by **40%** by leveraging Django's ORM and REST Framework to streamline data serialization and server-side management.
